This unit belonged to a corporate fleet and was then turned in to a leasing company for replacement of a new one, the miles on the odometer show 240k miles but the title shows the miles at 535k (we cannot confirm the exact mileage this unit has on it), being that the title states 535k miles we have to assume the miles are that or over that amount, unit runs/cranks/drives, transmission shifts through all gears properly, the fuel pump has been hot wired to the relay, tires are in good shape, tread varies tire to tire, brakes operate properly, AC and radio both working, unit is in good shape with only paint fade/chipping in various areas around the body, driver seat has minor tearing, all doors, windows, locks and features operate properly, the headliner is starting to fall down, the rear box door opens, closes and latches properly, please come inspect prior to bidding!!

Mississippi Residents – If you are from Mississippi and plan to title the unit in our State, we will have to add 3 % (Big Trucks only over 10K lbs. Gross Vehicle Weight) or 5% sales tax (all other cars and trucks under 10K lbs. Gross Vehicle Weight) to the high bid price and charge a \$10 title fee, no exceptions unless you are dealer.

This does not apply to anyone titling a vehicle out of State, all out of State buyers will be invoiced the exact bid price and will register/title and pay any taxes/fees in his/her State!
