This unit belonged to a corporate fleet and then turned in to a leasing company for replacement of a new one, unit runs/cranks/drives, the transmission shifts through all gears properly forward and reverse, the tires are in good shape with varying tread wear, the brakes operate properly, the AC/Heat blows properly, the radio is functional, the truck is in overall great condition both inside and outside, all doors, windows, locks and hood open/latch properly, the hydraulic crane seems to power on, electric motor spins although we do not have a remote to operate it, remote is missing, this unit is all around clean all around for a service/utility truck, has been worked out of but you can tell the mechanic took care of it, does not have many miles either, please come inspect prior to bidding!!

Mississippi Residents – If you are from Mississippi and plan to title the unit in our State, we will have to add 3 % (Big Trucks only over 10K lbs. Gross Vehicle Weight) or 5% sales tax (all other cars and trucks under 10K lbs. Gross Vehicle Weight) to the high bid price and charge a \$10 title fee, no exceptions unless you are dealer.

This does not apply to anyone titling a vehicle out of State, all out of State buyers will be invoiced the exact bid price and will register/title and pay any taxes/fees in his/her State!
