This unit was owned since new by a government agency in Louisiana, looks a little rough beat up bit a good tight machine, we used this unit well over 10 hour loading other items at the Parish Public Works, never had issues with it, very strong machine, fires right up, the unit tracks in all directions, the hydraulics are strong and working properly, the display screen is not showing the hours so we were unable to see those, some of the side panels are dented up, please come inspect prior to bidding!
