**This unit was purchased new/never used by a school district in Tennessee, after purchasing these units the school district decided to contract the service instead of using, they have sat in a warehouse since purchased late in the year of 2021, never spent the night outside or been rained on, brand new, unused (never cut grass), cranks/runs/and operates properly, PTO engages properly, new/unused condition and ready to cut grass! At time of being sold to the School District new the retail price was \$12,995.00. Take advantage of the situation and most likely get a huge discount on a new Professional grade zero turn mower, these are the higher-grade cutters, not residential and have Kawasaki engines.**

**Each and every Lot is sold "as is, where is". JJ Merchant provides no guarantees or warranties (express or implied) in respect of the item contained in the Lot. All representations made by JJ Merchant, its**
