This unit is owned by a contractor in the state of Florida who is liquidating the utility contracting portion of his business, still in business running strong but no longer doing utility work therefore certain equipment is no longer needed. This truck is in good condition. The truck cranks, runs, and drives with no issues. The interior is in fair condition. The seats need work as they have tears in the fabric and the plywood floor is exposed. The tires are in good condition as well but do have some minor dry cracking. The frame and undercarriage do have surface rust where the paint is down to the bare metal. Please come check this truck out for yourself!
