**This unit belongs to a contractor in Mississippi that no longer has a use for it, we were told the motor was rebuilt and has since had less than 30 hours of operation on it, it will crank, run, and drive great, transmission shifts properly and the brakes work great, recently had all new tires put on it, machine is missing some of the windows and padding on the seat, it does not shut off from the key, you will have to manually kill it, the hydraulics are operating properly as well as all lines and cylinders being in good shape. Come on down to JJ Merchant to check this machine out for yourself!!!!**
